Senior PHP Developer | Minds-Pool Outsourcing
DEC 2018 – DEC 2020

- We are working on the **Future Gate** LMS system this project for **The Ministry of Education** in Saudi Arabia (https://fg.moe.gov.sa).
- The system build in **Moodle LMS**, and we develop and customize on it to create our feature and integrate with other applications like tetch, M.S-office, Zoom ... etc.
- Integrate the **Future Gate** with **Noor and Ein** (MOE systems we integrate with it to sync data needed (users , role , courses , etc ..)).
- Collect and analyze technical requirements to determine with the team and direct manager feasibility of design within time and cost constraints.
- Used our capabilities in PHP, Postgres, JavaScript and other libraries as needed in customization.

Senior PHP Developer | InterMark Network
MAR 2018 – NOV 2018

- The main core of our projects is Healthcare and Medical.
- Designed, implemented and monitored web pages and sites for hospitals in KSA and UAE.
- Build APIS for our applications like (SPIN ERC RCOG, D2P Ns, D2P Optha, D2p CVM, OCREVUS, NordiApp).
- Build web application, healthcare center system like (AS-Registry).
- Planning, designing, and coding for projects.
- Communicating with clients and developing necessary code structures for them.

PHP Web Developer | ISG-Intelligent Systems Group
